Subject: Daily Report for Friday 6/15/18 Portland Harbor Pre-RD Investigation - single beam bathymetry data collection from personal watercraft
Date: Monday, June 18, 2018 3:18:19 PM
Attachments: [Daily Status Report Portland Harbor 20180615 BathymetricSurvey.docx](#)

Sean and Davis,

Here is the daily report for the bathymetric survey work completed on Friday 6/15/18 which included oversight of the single beam echosounder surveys using personal watercraft. Our oversight only covered the H&S meeting at the Swan Island boat ramp and the pre- and post survey quality assurance checks that they performed on the survey equipment there. We are awaiting the bathymetric survey coverage maps for the work that they completed on Friday and the Pre-RD Group indicated would be provided on Monday.

Please contact me if you have any questions.
